

Sunshine Charities Website Overview by Sunshine Lutey

Sunshine Charities Website History

I created the Sunshine Charities website in 2014 to provide easy access to videos I'd uploaded to YouTube and links to the GRF club pages for Sunshine Performance and Alzheimer's OC Club. In May, 2017 when GRF announce their decision to drop support for Club website pages I copied hundreds of pages from the GRF Sunshine Performance and Alzheimer's OC clubs to the Sunshine Charities and purchased a domain for Alzheimer's OC Club. In September 2017, GRF created a new vehicle for clubs to maintain a webpage. Since the new product is limited in scope, I retained club maintenance for Sunshine Performance and Alzheimer's OC Clubs webpages within the Sunshine Charities Website.
